## STEEL PLANTS REOPEN DOORS

Independent Concerns Resume Operations on Limited Basis

Increased Activity Predicted In Steel Mill Centers

(By Associated Press)

Pittsburg, February 1.—Many independent steel manufacturing concerns in the Pittsburg district today increased operations on what executives were united in saying was a "cautiously conservative" basis, after about six weeks in which operations have been entirely suspended or greatly curtailed.

It was predicted that within a few days operation would be about forty percent of capacity, with prospects of increased activity if conditions warranted.

From points outside the immediate Pittsburg district, including Youngstown, Warren and Canton, Ohio, came similar reports of increased operation today. Many plants resumed operation under changed labor conditions.

In some instances, wage reductions were accepted by the men and in others the working time was reduced so as to bring operations within the limit of the eight-hour day and thus avoid time-and-a-half pay for overtime.

## COUNTY TO GIVE OVER \$25,000 TO WEAK DISTRICTS

*Under State Law Fayette Will Contribute Thousands To Other Counties.*

*State Levy Brings in \$87,358 and \$61,415 of Amount Remains For Fayette Schools.*

According to an estimate made by County School Superintendent O. S.

### Dr. G. H. Pierce Veterinarian

The General Practice of Veterinary Medicine and Surgery.

Office: Stitt-Todhunter Building Phone: Automatic 4881; Bell Main 330; at night call Arlington Hotel.

Nelson Monday Fayette county will contribute approximately \$25,000 this year to the fund provided for the weak school districts in other counties.

Fayette County's total tax duplicate is \$48,531,058.00 and on this amount the county pays to the state at the rate of a 1.8 mill which produces some \$87,358.

Of state levy for school purposes the county will receive some \$61,415 returned by the state, and the difference between the total amount of \$87,358 and the \$61,415 represents the amount that Fayette county pays toward keeping up the schools in other parts of the state where the local taxes are inadequate for that purpose.

The amounts remaining in county from the state levy are added to the fund produced by the one mill tax levy and this fund is divided between the districts of the county and the city, on the basis of salaries, personal service, and the aggregate days of attendance. Full reports of salaries, personal service and days of attendance were furnished to County Auditor Pine Saturday by Superintendent Nelson and McClain.

**MAKING GOOD FROM THE FIRST**

One of the editors of Breeder's Gazette makes this statement: "Without question, the Hampshire is the most prolific breed in the world, when it comes to the number of pigs actually raised."

"On the morning of January 25th, 1920, the writer of these notes visited the Dremwold Farm of Peoria, Ill., found 9 fall gilts with a total of 106 pigs less than 24 hours old; 103 of them were perfectly belted; one litter ranged from 1 to 16 minutes of age; these 12 youngsters were fighting for supremacy.

"The Hampshire has proven himself to be a real tax payer; his prolific and rapid growth recommend him as a breeder; his rapid growth and perfect individuality, with the highest percentage of the killing sheet, recommend him to the packer; yet perhaps his greatest recommendation is his perfectly good health. From 1905 to the closing of the season of 1920, the Hampshire hog has almost a perfect killing sheet of all exhibits at Chicago International. The world first notices the percentage which these hogs kill, while the packer's eye never leaves this high percentage of killing; he watches with even more interest the health condition of the Hampshire. The average breed going to the packing house has 17 hogs out of every hundred held by the United States Government Inspectors for further inspection on account of disease, while in the Hampshire exhibits at the Chicago International for 16 years, there has been less than 1 hog to the hundred held for further inspection or having any part of his carcass condemned. For the past 4 years, where records have been kept, there have been less than 2 per cent of Hampshires held by the Government Inspectors on account of disease of any kind, while the remainder of the hogs have had 17 percent run off on the sidetrack for further inspection."

## AFFIDAVITS TO BE FILED FOR VIOLATION

*Cigarettes and Tobacco Being Sold To Minors, Reports Say.*

*Several Fayette County Pool Room Proprietors Will be Named, Officer Declares.*

Within the next few days several affidavits charging pool room proprietors with having violated the laws by allowing minors to play pool or billiards in their establishments and with having unlawfully sold minors cigarettes and tobacco, will be filed by Probation Officer Mary Robinson. Reports have come in all over the county of violation of the law in regard to minors and the greatest protest comes from Jeffersonville where it is said that two or three men will face charges on this offense.

Indications are that the affidavits will precede general cleanup all over the county and in this city, where violations are also said to have occurred.

Miss Robinson has called attention to the two laws which are alleged to have been violated in many instances in Fayette county.

Section 12962 reads as follows:

"Permitting minors to play pool or billiards. Whoever, being the owner or keeper of a billiard saloon, or the owner or keeper of a billiard table at any other public place, permits a minor under the age of eighteen years to play billiards or pool, or be and remain in such a saloon or public place shall be fined twenty dollars and for each subsequent offense shall be fined fifty dollars.

Section 12965 reads as follows:

"Selling, giving or furnishing cigarettes, etc., cigars or tobacco to minors. Whoever sell, gives or furnishes to a person eighteen years of age a cigarette, cigarette wrapper or substitute for either, or a cigar or tobacco, shall be fined not less than twenty-five dollars, or more than one hundred dollars or imprisoned not less than two days nor more than thirty days, or both, and for each subsequent offense shall be fined not less than fifty dollars nor more than three hundred dollars and imprisoned not less than five days nor more than sixty days."

In fairly close games rolled on the Y. M. C. A. alleys Monday evening the No-stars escaped with two out of three contests from the Lumbermen.

The No-stars went close to the 900 mark when they counted 871 pins in the last game. There were no other scores above 800.

O. W. Brown was high man with 217 in his second effort and Captain McLean of the No-stars also featured with a 202 score.

## Turn About

During the stress of war time when dishonest workers insisted, with the power, at that time, in their hands of exacting the largest wage obtainable from their employers and giving the least possible effort or thought in return, (and in those times in a number of cases that was precious little too) we were inclined to excuse that dishonesty among a minority of the workers with the statement that employers had brought it upon themselves by their treatment of workers.

Now, with the shoe on the other foot, with labor in abundance asking for work we find some employers exacting the last ounce of strength and the best effort from their employees and paying the least wage possible, some unthinking folks are inclined to excuse the few employers who resort to such unfair and dishonest methods, with the statement that labor brought about such a condition by their demands in war times.

Both excuses are wrong. Neither the dishonest employee of war times nor the dishonest employer of peace times can be excused. In both cases they represent that unfair minority willing to take advantage of conditions to deal unfairly with their fellow men.

The great majority of employees were honest and fair in war times and they are just as honest and fair now. The great majority of employers are honest and fair now with their employees. It is only the minority we hear of and it is a small minority in both cases.

Mean people we have always with us, in war or in peace, and they are to be found alike in all walks of life, but they are, after all, the very few, in comparison.

## Bolshevism in South America

While Soviet Russia's official family, with the radical "ambassador," Ludwig C. A. K. Martens at its head, is being deported from the United States, the Bolsheviks are attempting "missionary work" in South and Central America. The agitators consider these countries as fertile fields for strikes and political unrest, and also as advanced field bases for promoting Bolshevism in North America, where stricter immigration laws prevail.

At Lisbon and the Spanish ports the Moscow government is said to have established courier bureaus, particularly designed to handle agitators and propaganda enroute to Brazil, Argentina and Chile, and one of the four sub-bureaus directing the entire world force of agitators is understood to be located either in Mexico or in one of the South American countries.

Brazil needs immigrants, her population being small compared with her immense area, and in her eagerness to populate has not incorporated in the national constitution, according to statements given out by a Brazilian diplomat, laws which will weed out undesirable immigrants. The lax restrictions afford easy access to Bolshevism.

South American officials in Europe are quite familiar with the fact that the Soviet government is making strenuous effort to spread its doctrines to South America, but believe that it cannot thrive in large agricultural countries, where private ownership of lands is essential.

Even if this be true, and unquestionably the agitator finds it much more difficult to work in countries of big open plains than in congested cities, yet to permit the planting of vicious doctrines and to permit Bolshevik couriers to establish bases in South America is most dangerous to the future of the country.

Far better the scant population, law abiding and industrious, than the larger one containing such undesirables as radical sympathizers.

Our own United States has found this out to its sorrow.

## POETRY FOR TODAY

### MY MOTHER'S BIBLE

This book is all that's left me now,  
Tears will unbidden start—  
With faltering lip and throbbing brow  
I press it to my heart,  
For many a generation past  
Here is our family tree;  
My mother's hands this Bible claspt,  
She dying gave to me.

Ah, well do I remember those  
Whose names these records bear;  
Who round the hearthstone used to  
close  
After the evening prayer,  
And speak of what these pages said  
In tones my heart would thrill;  
Though they are with the silent dead.  
Here are they living still.

My father read this holy book  
To brothers, sisters dear;  
How calm was my dear mother's look  
Who learned God's word to hear!  
Her angel face—I see it yet!  
What vivid memories come!  
Again that little group is met  
Within the walls of home.

Thou truest friend man ever knew,  
Thy constancy I've tried;  
Where all were false, I found thee  
true,

My counselor and guide!  
The mines of earth no treasures give  
That could this volume buy;  
In teaching me the way to live,  
It taught me how to die.

—George Pope Morris.

John Byron of Clinton Avenue, for years Washington's artistic sign painter, is advocating the adoption of a much-needed regulation here—the intelligent and systematic numbering of all the houses in the city.

Mr. Byron is urging the adoption of the Philadelphia plan as it is known, which disregards houses and lots as now located and platted and numbers every plot of ground of a certain number of feet frontage to vary with the location of the property.

Washington is a city and should get out of the village stakes at least.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

**RANDOM NOTES****SOCIAL : PERSONAL MENTION : CLUBS**

Sarah Bernhardt, tragedienne, is performing in a one-act musical comedy on a vaudeville stage for the first time in Paris.

Hardly had she completed her appearance in "Daniel," which had a successful run in her own theater, when the aged actress invaded the Alhambra with a musical sketch called "Le Vitrail." The Alhambra is the only English music hall in Paris. It is devoted exclusively to vaudeville or a high class.

In her performance, Madame Bernhardt displays remarkable vitality, despite the handicap of a wooden leg.

It is officially announced that the twenty-sixth annual meeting of the Ohio Federation of Women's Clubs will be held in Cincinnati the third week in October. The invitation extended by the club women of Cincinnati

Ter. Mrs. J. E. Forest (Dottie Highland) Mr. S. B. Highland is stopping in this city a few days before going on to his home in Faubourg.

Nati has been formally accepted by the state executive committee. The Queen City entertained the fifth annual gathering of club women in 1899 and the news that the "Paris of America" is to be hostess for the second time to Ohio's club women will be received most cheerfully for they fully appreciate that Cincinnati has few rivals for hospitality.

Miss Dorothy Fullerton delightfully filled the role of hostess to the Young women of the Westminster Guild Monday night. In line with the new plan—most pleasing one of assembling at six o'clock for dinner, prefacing the evening's study, the hostess served a two course dinner, particularly tempting in its viands.

The table was lovely, with large wicker basket filled with spring flowers surrounded with greenery. In the center, and smaller baskets of the same flowers at the corners.

The merry dinner hour was followed by study of "The Near East or the Cross roads of the World," Miss Esther Leland leader.

The Guild was glad to welcome a new member, Mrs. Harry Vincent.

The guests lingered after the study to enjoy congenial sociability and the hospitality of the home so cordially extended.

Miss Fullerton was assisted by her mother, Mrs. Frank M. Fullerton, Misses Gretchen Willis and Ada Woodward.

Mrs. Angie Hyer, of Jeffersonville, had as her dinner guests, Sunday, Mr. and Mrs. J. A. Watkins daughter, Miss Frances, Mr. and Mrs. G. H. Brock and daughter Phyllis.

Mrs. Roy E. Brown brought together on Monday, sixteen women for luncheon and a delightful afternoon of progressive Bridge.

The guests were seated at small tables, beautifully appointed and having as their central embellishment vases of fragrant sweet peas. An exceptionally elaborate luncheon menu of four courses was served, the "inner man" being most fully satisfied before the game began.

Mrs. Charles McLean won the exquisite corsage bouquet which rewarded the high score.

Mr. and Mrs. Marshall Ensign cordially extended the hospitality of their country home, Jeffersonville, again on

Monday night, entertaining the young married set, together with a number of young people.

It was an extremely handsome affair, nine tables of players participating in a spirited game of "500," the prizes won by Mrs. William De LaRue and Mr. Glenn H. Brock.

The brilliant decorations of red and green and the delicious collation served duplicated those of the first affair.

The center decorations of the tables were quite unique, candles brightly burning as the beacons in miniature light houses, their walls painted to resemble cards.

Mrs. Joe Lanam, Misses Garringer and Rogers assist in the hospitalities.

Mrs. A. Y. Whithead and Mrs. Ralph Dill of Jeffersonville went to Columbus, Tuesday to spend the remainder of the week.

Mr. C. C. McCoy, president of the Fayette County Farm Bureau, Messrs. L. H. Goddard, Hays Dill, John Clifton, David and Orris Hegler, Dr. Carey Persinger went to Columbus, Tuesday for Farmer's Week at Ohio State University.

Mr. Eugene Bliss, who has been with William Edwards Co. of Cleveland for the past year, is now associated with the Sears-Nicholas Caning Co. of Chillicothe with headquarters in Cleveland after March first.

Mr. and Mrs. George Ghormley, of near Greenfield, were among out-of-town shoppers here today.

Mr. and Mrs. Ben Garrison well known residents of the Piano neighborhood are now making this city their home and residing in the Van Winkle bungalow on East street.

Mrs. George Dorn and daughters, Misses Ethel and Martha, of Sedalia were shopping visitors in this city. Time of halves—20 minutes.

For the second time this season the Y. M. C. A. basketball team administered a defeat to Cedarville College when the Triangles invaded the college precincts Monday evening and carried off the honors 29 to 31.

In a preliminary game the Y. W. C. A. Girls fell before the Cedarville College Girls by the score of 56 to 6.

The games were witnessed by a large crowd and were played on the college gymnasium floor.

In turning back Cedarville College for the second time this year the Triangles played one of their prettiest games of the season. Taking the lead at the toss of the ball the Association men were never headed but once. In the second period the college five made a last effort and were three points in the lead when the Triangles began to pile in the baskets.

## STOCK OF WHEAT IN UNITED STATES 320,000,000 BU.

The stocks of wheat in the United States on January 1, 1921, are estimated by the Bureau of Markets and the Bureau of Crop Estimates, United States Department of Agriculture, to be 320,000,000 bushels, which is approximately 40 per cent of the total available on July 1, 1920, and compares with 417,000,000 bushels on January 1, 1920. After deducting an average carry-over of about 70,000,000 bushels, there remains about 250,000,000 bushels in this country available for export and domestic requirements during the six months from January 1 to July 1, 1921.

Of the 417,000,000 bushels on January 1, 1920, about 109,000,000 bushels were carried over into the next season, as compared with the above average, leaving 308,000,000 bushels for six month's export and domestic requirements. These figures do not include flour stocks or flour equivalents, neither do they take imports into account.

Of the amount 6,363,000 bushels are in Ohio.

**Subscription Books Open for Stock in  
THE MIDLAND BANK—CLEVELAND, OHIO**

**CAPITAL \$5,000,000.00      SURPLUS \$1,000,000.00**

**\* The Largest New Bank Ever Organized in this Country**

**A LIMITED OFFERING TO THE PUBLIC**

A wide distribution of the stock is desired and small subscriptions, as well as large, are being received. Over 700 voluntary applications for stock have already been received, including those of over 75 banks and bank officials before this public offering. Enough business has already been offered to assure the success of the bank from the day it opens.

Cleveland is the center of one of the greatest industrial sections of the world. It has a population of 796,000 and a trading population within 100 miles of over 3,000,000. It is the FIFTH largest city in the country. Owing to the wide diversification of its 4,000 industrial plants, Cleveland has felt the readjustment period less than any of the large American cities.

The rapid growth of Cleveland and of Ohio has created the need and opportunity for a large, new bank. The recent consolidations of twelve banks in Cleveland makes this more apparent than ever. The following figures readily prove this statement:

| <b>Deposits of Cleveland Banks</b> |               |
|------------------------------------|---------------|
| 1910                               | \$245,000,000 |
| 1920                               | 625,000,000   |

| <b>Number of Banks in Cleveland with Capital and Surplus of \$3,000,000 or over:</b> |            |
|--|------------|
| 1910   | Four Banks |
| 1920   | Four Banks |

The above figures show a greater opportunity for a large new bank in Cleveland than there is in any other city in the United States.

THE MIDLAND BANK is the largest new bank ever organized in this country. It will apply for membership in the Federal Reserve System and the Cleveland Clearing House and will operate under the laws of Ohio, thereby coming under direct supervision of National, State and Cleveland banking regulations. It will have the following departments: General Commercial Banking, Savings, Trust, Bond and Investment, Foreign Exchange. THE MIDLAND BANK will be centrally located in the Leader-News Building. The bank will open for business about March 1st.

**Mrs. SELCHERT'S DAUGHTER****COLORED YOUTH FORCED TO LEAVE****Was Restored to Health by Lydia E. Pinkham's Vegetable Compound**

Horicon, Wis.—"My young daughter had been troubled for several months with backache and a bad feeling in her stomach. When she got to the table to eat she did not want anything, while before she was so hungry she could hardly wait for her dinner. The doctors gave her medicine but it did not help her. One day I was reading a little book of yours which was left on my porch and it reminded me that when I was a young girl I took several bottles of Lydia E. Pinkham's Vegetable Compound. So she went to the drug store and got a bottle and after the second one she could eat and has not had backache since. In all she took six bottles of it. She goes to school and on Saturdays helps with the housework. She is a normal, healthy girl now and we recommend your medicine. You have my permission to publish this letter as a testimonial for the Vegetable Compound."—Mrs. FRANK SELCHERT, 150 Larabee St., Horicon, Wis.

Mothers all over the country have found Lydia E. Pinkham's Vegetable Compound to be a most reliable remedy for such conditions.

do its utmost against Washington by a grinding week of practice and the fans there expect one of the major attractions of the season.

"What will be one of the biggest games of the season will be that staged next Friday evening at the Central gymnasium when the Blue and White team of this city will take on the fast team from Washington C. Oscar Smith and Homer Grooms, al-

leged auto thieves, are in the county jail under \$1,000 bond awaiting action of the grand jury.

The two men entered pleas of not guilty when given a hearing before Judge T. N. Craig Monday afternoon.

Smith and Grooms, both about twenty years old, are accused of having stolen an automobile belonging to W.

H. Hewitt from the streets of this city Thursday afternoon.

They were captured in Circleville that night and the car was recovered. Since their arrest the men have refused to talk of their case.

It is believed that they intended to become "auto bandits." In the stolen car was found an automatic revolver, a heavy caliber six-shooter, and two false mustaches.

Jones and Grooms were formerly employed on a farm near Martinsville.

Captain Paul will be on duty at the offices of the auto club from nine o'clock each morning until nine o'clock at night, where he is receiving applications for membership.

Before reaching the office Tuesday morning Captain Paul had enrolled a number of high class men, who have seen service before, or been trained in a military way.

The first recruits lay the foundation for one of the finest companies in the state, and there is every reason to believe that enlistments will continue to be speedy and that the personnel of the company will be tip-top.

Morris, who came to this city from Bainbridge, was turned over to Probate Judge Allen after it was found he was under eighteen years of age.

After investigating the case the young negro was given until the next train to get his belongings together and leaving by the next train. He went.

It is known to be such a wonderful aid to frail and tired out people that Blackmer & Tanquary, who have a large demand for it, are glad to guarantee Bitro-Phosphate. adv.
